

## A Grade Basketball by Hayden Lau

It has been a successful season so far for the A Grade Basketball Team. With a combination of hard work and commitment, a group of talented individual basketball players developed into a strong team who trusted each other.

Early in the season, we were invited to participate in the Great Wall Shootout in Beijing and where we came 3rd amongst very good teams from different countries in Asia.

In the ESF Basketball League, we were able to win games by a large margin, and ultimately became champions.

More importantly, we were able to finish 1<sup>st</sup> Place in the HKSSF Division One Basketball Local League, earning the name as the best basketball team in Shatin and Sai Kung District! Winning this league makes us eligible to participate in the Hong Kong Jing Ying Basketball Tournament, where the best schools in Hong Kong compete. This is the first time Sha Tin College Boys' team has participated in this tournament in 5 years!

On behalf of all the players on the team, I would like to thank Mr. Campbell for coaching the team and also for trusting in us. I would also like to thank Vivian for giving up so much of her time for the team, especially with the Beijing trip.
